Asbury United Methodist loves worshipping Christ by making a joyful noise through music & song!

The First African Missionary Baptist Church was organized in 1892. The first choir director recorded was the late Sis. Oxendiner, and there were several others including the late Dr. Juanita Nails.

The choirs of First Baptist and First United Methodist have come together this Christmas season to share of Christ's birth through a beautiful musical. The simple story of Christmas reveals an extraordinary truth: God was not content to love us from a distance. He took on flesh and dwelt among us. This Christmas, let us all remember that the birth of Jesus is the declaration that God is with us. The Savior's birth brings hope to our despair, brings light to our darkness. Join us in celebrating and embracing the beautiful, life-changing truth of this simple story: God is with us!
